

Grading table Bachelor Forest and Nature Conservation (BBN) Transcript of records academic year 2023-2024:

The grading table requires universities to keep track of their grading practice and culture, which is good practice in many institutions across Europe. The ECTS grading table allows for simple, transparent interpretation and conversion of grades from one system or context to another, and therefore does justice to the level of academic performance of all learners. Used correctly, it bridges different grading systems as well as different cultures in the European Higher Education Area and beyond. The grading table gives the distribution of grades for this specific study period. It presents how many students (in percentages) receive a specific grade. This provides all necessary information to convert the grade in any local grading system.

National/Wageningen University Grade	#Number awarded in reference group	grading %*	cumulative % of the grades
10	27	00	00
9.5	122	01	02
9	305	03	05
8.5	887	09	13
8	1852	18	32
7.5	2194	20	52
7	2051	22	74
6.5	1414	14	88
6	1197	12	100
TOTAAL	10049	100	

* Based on the grades of the last 3 academic years.
