The part-time online master's study programmes at Wageningen University may take 3 to 4 years to complete. The general structure is a 2 year part time course-programme of 30 credits per year, followed by a tailor-made internship in year 3 and an master's thesis agreement in year 4. If you are able to spend approximately 40 hours per week in the third year on your internship and thesis, you should be able to complete the programme in 3 years.

Institutional tuition fees 3 (ic3): Students who do not meet the nationality requirement pay the Wageningen University institutional tuition fee 3. Please see the factsheet 'Online Master's students (part-time) - Tuition fees 2020-2021' for more information on the nationality requirement.

The part-time and full-time institutional tuition fees 3 (for non-EU/non-EFTA nationals) are determined by the Executive Board of Wageningen University each year.

Part-time online master's students pay the part-time institutional tuition fee 3, provided they do not register for more than 39 credits in an academic year. If they take more than 39 EC in an academic year, they will have to pay the full-time institutional tuition fee 3 rate in that year (with possible re-invoicing afterwards).

However, if the exceedance of 39 credits in a year is caused by a thesis and/or internship, than the exceedance might be reduced with (39-X) credits, where X stands for the number of credits taken in the previous year. If after reduction, the total does no longer exceed 39 credits, the student retains the right to the part-time rate.

The institutional tuition fees 3 for the academic years 2022-2023 and 2023-2024 are not yet known and will be determined in May 2021 respectively May 2022.
