Q&A session for HBO students	Time	Room	Language
This session gives you information about the education system, admission & application, housing and student life in Wageningen. Former students of an university of applied science (HBO) will share their motivation and experiences and explain the added value of a Master's programme and the difference between HBO and university	Round 1: 16.30 - 17.15	222	NL
	Round 2: 19.45 - 20.30	107	NL

Info market for international students (15:30hr - 19:00hr)

During the Master's Open Day there is an info market at the ground floor of the Forum building. You can ask international students and university staff all your questions about studying in Wageningen. The students will share their motivation and experiences on why they chose the university.

Admission officer

For specific requirements of the programmes please visit the study programme presentations. For questions about the admission requirements and the application procedure you are welcome to visit the admissions officers. They will be available from 3.30 to 7.00 pm at the ground floor of the Forum building

Information about online education	Time	Room	Language
WUR offers two online master's: Epidemiology and Public Health and Plant Breeding. These study programmes are completely online, but the content is similar to the on-campus programmes. Besides online master's the university offers a wide range of online courses for campus students that can be included in the optional choice part of almost any study programme for credits. This session will give you all insides about studying online; how it all			
	Round 1: 16.30 - 17.15	106	EN
