

## **Extended call for proposals for the Agriculture Green Development (AGD) PhD program of China Agricultural University and Wageningen University & Research**

### **1. The AGD PhD Program**

The Sino-Dutch Agriculture Green Development (AGD) Programme is a PhD program by China Agricultural University (CAU) and Wageningen University & Research (WUR). It contributes to the National Academy of Agriculture Green Development of CAU, carrying out interdisciplinary and innovative high-end talent training projects for agriculture green development in China. The project has been officially approved by the China Scholarship Council (CSC; <https://www.csc.edu.cn/chuguo/s/1476>). This program makes it possible for outstanding students to pursue a PhD from Wageningen University and from China Agricultural University.

The overall objective of the AGD PhD program is to contribute to the transformation of Chinese agriculture towards sustainable development, from high resource consumption and high environmental cost to sustainable intensification with high productivity, high resource use efficiency and low environmental risk.

In this last call, we are especially looking for projects that complement the current already approved projects in order to reach the overall AGD aims. We therefore welcome integrating proposals that cover the following areas. Please find a more detailed description of these priority topics attached.

- 1) Agricultural transformation to achieve UN sustainable development goals;
- 2) Designing, optimizing and governance of sustainable food supply chains;
- 3) Sustainable inorganic and organic pollutant management for green eco-environment: A systematic modeling approach;
- 4) Improving nutrient use efficiency in Chinese agriculture, by, for instance manipulating 'Rhizobiont'
- 5) Integration and AGD solutions.

Within the program, the county of Quzhou is selected as a demonstration county, so project preferably focus in this area. In addition, projects may also focus on North China Plain or China as a whole.

### **2. Call for proposals**

This call for proposals is for 6 projects. Each project includes research for two related PhD sub-projects: (1) a sub-project for a PhD student to graduate at Wageningen University who will stay 3 consecutive years in Wageningen and 1 year in China (the 1+3 PhD student), and (2) a sub-project for a PhD student to graduate at China Agricultural University who will stay 2 consecutive years in Wageningen and 2 years in China (the 2+2 PhD student).

The 6 selected projects will get the following funding: scholarships for the PhD students through CSC and CAU, and a bench fee for each month when PhD students are in Wageningen.

### **3. Required documents at submission (see attached template)**

- 1) Proposal of maximum 2500 words, including
  - a. Title
  - b. Associated AGD area(s)
  - c. Names of the CAU (maximum 2) and WUR supervisors (maximum 2)
  - d. Objectives
  - e. Sub-objective and work plan for the 1+3 PhD student (about 1000 words)
  - f. Sub-objective and work plan for the 2+2 PhD student (about 1000 words)
  - g. Relation to Agricultural Green Development in China
  - h. Novelty
  - i. Budget
  - j. Vacancy text
- 2) Short CVs (2-3 pages) of all supervisors with a signature

### **4. Application Deadline**

Please submit all the documents required using the attached template before 15 November 2020 to [agd-csc@cau.edu.cn](mailto:agd-csc@cau.edu.cn) with the email title 'Extended Call for the AGD Program'.

### **5. Selection Criteria and review procedure**

Proposals will be selected by the academic committee of AGD on the basis of the following criteria: scientific quality, novelty, fit with the scope of the AGD program, interdisciplinarity, balance in the program (i.e. even distribution of projects over the areas of the AGD PhD program), and feasibility.

### **6. Timeline**

- |              |   |
|--------------|---|
| 15 Nov. 2020 | Deadline for submission of proposals                            |
| 30 Nov. 2020 | Proposals selected & final decision                             |
| 1 Dec. 2020  | Publication of call for students for both 1+3 and 2+2 positions |
| 15 Jan. 2021 | Deadline for student applications                               |
| 29 Jan. 2021 | Final decision of students selection by supervisors             |

Note: Selected 1+3 PhD students have to submit their documents to CSC for approval by April 2021 or November 2021 depending on the starting time.

### **7. Contact Information**

At WUR: Janneke van Seters, Wageningen Graduate Schools Email: [Janneke.van.seters@wur.nl](mailto:Janneke.van.seters@wur.nl)

At CAU (also for student call): Ms. Ying Zhang (CAU) the AGD-CSC office, China Agricultural University Email: [agd-csc@cau.edu.cn](mailto:agd-csc@cau.edu.cn)
