

To: NRLs mycotoxins & plant toxins in food and feed
Mr. F. Verstraete (EC)

Dear colleagues of NRLs,

With this newsletter I would like to share with you few updates/reminders.

Reimbursements. Namely, the unit price costs for travel have been amended with Commission Decision C(2023)4928 (see this [link](#), Table 2). The unit costs for travel have been increased by ~25%. Nice news!

Contact update 2024. We've sent you an email containing a link. Please ensure you update your contact information timely. This will help us efficiently communicate future surveys with you.

New email address. Additionally, we've launched a new email account, eurl.mp.registrations@wur.nl dedicated to handling all communications concerning trainings and workshops registrations, administrative queries, follow ups and reimbursements. It's important to utilize this email for the mentioned activities to ensure proper attention. Registrations made through the previous EURL email might inadvertently be missed.

The registration for PTs and related communication is still done via the pt.wfsr@wur.nl.

The old email address eurl.mycotoxins-planttoxins@wur.nl should be used for communication on any other subjects and inquiries.

Workshop 2023 report. The Workshop 2023 report and related presentations are available on CIRCABC.

Workshop 2024 dates. In the case you did not pencil this in your agenda, the EURL MP 2024 Workshop will be held on 1-2 Oct 2024.

I hope that I have informed you sufficiently.

Sincerely,

Josipa Grzetic Martens
