

# Floriade Symposium Circular Greenhouse

You are invited to our international symposium about future Circular Greenhouses from **17 till 19 May 2022**. Floriade organizes this symposium in collaboration with

## Wageningen University & Research

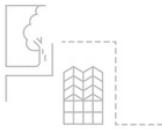

The greenhouse horticulture sector is in the midst of a transition from the linear “Take-Make-Waste” system to a circular “Reuse” one. But how to reduce, reroute and reuse the various flows? And how to differentiate over low, mid and high-tech solutions?

Join us and get inspired by cutting edge research and internationally leading experts on one of the 6 topics.

### Tentative:

Tuesday CET 14-17  
Wednesday CET 9-12  
Thursday CET 14-17

**Water, Plastics, Fertilizer  
Substrate, Crop Protection,  
CO2 & Energy**
