

# IMPORTANT INFORMATION: DEARE

## Day 2025 (Friday 7 Feb, 2025)

### GETTING HERE

Getting to the Leeuwenborch Building (Hollandesweg 1, Wageningen) by public transport:

1. At the Ede-Wageningen station, go to the bus terminal.
2. Take Bus 103 (Direction: Wageningen Station **via Hoevestein**).
3. Get off at the stop Wageningen, Hoevestein.
4. Walk for about 4 minutes to the Leeuwenborch. Turn left onto Hollandseweg. The Leeuwenborch will be on your left.
5. The venue is located on the left side of the building, opposite reception. There will be a sign guiding you towards the rooms.

### PRESENTATIONS

For presenters, please bring your USB sticks to the room 15 minutes (during the break) before the start of your session. Théo will assist in Room B0066, Sofia will help out in Room B0067, and Chad will assist in Room B0068.

Presentations in the **parallel sessions** are 25 minutes long, including Q&A. We recommend that the speakers reserve 5 to 10 minutes for interaction with the audience. Presentations in the **rapid-fire talks** are 15 minutes long, including Q&A. There will be ample time for further discussion during the coffee and lunch breaks.

The last presenter in each session will act as the chair. The role of the chair is to briefly introduce the session and to make sure that the time is divided equally between all the speakers.

### CONNECTIVITY

For WiFi needs, eduroam is available at the building. Please ensure that you download the [eduroam installer](#) in your devices and have an [eduroam-valid account](#) prior to the event. Should you have no access to eduroam, please *let us know beforehand* and we will provide a one-day passcode on the day of the event.

### THIRSTY?

This year, we refused to order water in plastic bottles, so please don't forget to bring your own water jugs. There is a water fountain in the canteen (room temperature) and a cold water dispenser at the 1<sup>st</sup> floor.

### CONTACT PERSON

Should you encounter any challenges during the day itself, please feel free to contact Chad Patrick Osorio at +33 604 574 491 on WhatsApp or +31 6100 24871 on phone.
