

Dear Environmental Alumni,

This year we have two birthdays coming up: the BES study association Aktief Slip is turning 55 years old, and the alumni association Kennis Netwerk Milieu (KNM) is turning 30! We will celebrate this by hosting an Alumni Day for all the former and current Environmental Sciences students from Wageningen. The Alumni Day will take place on **Saturday, the 2nd of April 2022, from 13:00 to 17:00**.

We would like to officially invite you to join us during this day full of activities. The program will start with a lunch, followed by two rounds of choice activities. Round 1 will consist of a campus tour (both in English and Dutch) or a guest lecture (given in English). Round 2 will consist of an interactive irrigation game or an interactive case study, which are both given in English (unless only Dutch speakers are present). Both rounds have a maximum of 50 participants per activity, so you may end up being assigned to a different activity than what you had indicated on the sign-up form. At the end of the day you will have the option of enjoying a drink at the university café "The Spot".

The day costs 10 euros for non-KNM members and is free for KNM members and students (for KNM members, however, an amount of 25 euros must be paid if you do not show up without a valid reason).

You can register until Friday, March 26th via the following link:

<https://forms.gle/V55wqHTReQKbPVo79>.

After registration, an email will follow with more specific information (regarding parking, payment, etc.). If there are any urgent questions, please contact us via our email address; luco.aktiefslip@wur.nl.

We are looking forward to seeing you on April 2nd, 2022,

Best regards,

The Alumni Day Committee :)
