Finance & Control

HRM

Legal & Liaison office

Management Staff and Support

Communications & Marketing

Risk & Compliance

ISRIC World Soil Information Foundation

Statutory Research Tasks Nature & Environment

Programme management

Programmes

Green Cities

Sustainable Water Management

Sustainable Land Use

Biodiverse Environment

Green Climate Solutions

Teams Wageningen Environmental Research

Animal Ecology

Biodiversity and Policy

Climate Resilience

Earth Observation and Environmental Informatics

Environmental Risk Assessment

Regional Development and Spatial Use

Soil, Water and Land Use

Applied Spatial Research

Sustainable Soil Use

Vegetation, Forest and Landscape Ecology

Water and Food

Chair Groups Department of Environmental Sciences

Aquatic Ecology and Water Quality Management (AEW)

Cultural Geography (GEO)

Soil Biology (SBL)

Soil Chemistry and Chemical Soil Quality (SOC)

Environmental Systems Analysis (ESA)

Forest and Nature Conservation Policy (FNP)

Forest Ecology and Forest Management (FEM)

Hydrology and Environmental Hydraulics (HEH)

Geo-information Science and Remote Sensing (GRS)

Landscape Architecture and Spatial Planning (LSP)

Meteorology and Air Quality (MAQ)

Plant Ecology and Nature Conservation (PEN)

Soil Geography and Landscape (SGL)

Soil Physics and Land Management (SLM)

Water Resources Management (WRM)

Water Systems and Global Change (WSG)

Wildlife Ecology and Conservation (WEC)
