Study exchange

WUR has many partner universities for study exchange. The number of available places differs per university.

In February we are selecting students who want to follow courses at another university abroad in the following academic year. **Deadline is January 31st at 23:59! Prepare on time!**

Interested in applying for Erasmus+ grant during your BSc or MSc or PhD? The Erasmus+ grant varies per country from €240 to €360 per month. An additional one-time contribution for travel allowances to your EU destination is also provided.

**Note:** After **January 31st**, selection rounds will be held for the remaining places. They are distributed on a 'first come first serve' basis throughout the year. Since we have a large number of contracts, there are often interesting options open!

Contact the exchange coordinator of your study field if you are interested to go to study abroad:
