- d. The party (**Policyholder** and/or beneficiary) that is culpable for said deception shall also compensate the **Insurance Company** for losses that it has suffered as a result, and the **Insurance Company** may also offset said losses against any benefit, if the deception involved the beneficiary.

Disputes and Complaints

Complaints

In the event that the complainant disagrees with the insurer's settlement of a complaint, he/she may contact the KiFID (Netherlands' Financial Services Complaints Board) within three months of the date on which the insurer's definitive viewpoint is issued:

KiFID

Postbus 93257, 2509 AG The Hague, The Netherlands
 Telephone: +31 (0)70 - 333 89 99 email: consumenten@kifid.nl
 www.kifid.nl

The KiFID can assist if the policyholder has concluded an insurance agreement with the insurer in the capacity of a consumer, if a natural person derives a personal right of claim from an insurance agreement with the insurer, or if a natural person has a privacy complaint against the insurer. It is also able to assist legal entities whose purpose is to serve the private interests of one or more natural persons who are shareholders or directors or members of this legal entity to the extent that said legal entity may be regarded as an extension of those natural persons.

Should the complainant not wish to make use of these complaint settlement options, or the handling or outcome of the complaint is unsatisfactory, the complainant may bring the dispute before the competent court.

Applicable law and competent court

The insurance agreement shall be governed by Dutch law. Any disputes arising from or in connection with this insurance agreement may only be brought before the competent court in the Netherlands.

Clauses Sheet Terrorism Cover

By the Dutch Terrorism Risk Reinsurance Company (NHT) (Nederlandse Herverzekeringsmaatschappij voor Terrorisemeschaden N.V.)

1 Definitions

Where they appear in this clauses sheet and the provisions based thereupon, the following terms shall, unless otherwise stipulated, be understood to mean:

1.1 Terrorism

Any violent act and/or conduct - committed outside the scope of one of the six forms of acts of war as referred to in article 3:38 of the Act on Financial Supervision [Wet op het financieel toezicht] - in the form of an attack or a series of attacks connected together in time and intention as a result whereof injury and/or impairment of health, whether resulting in death or not, and/or loss of or damage to property arises or any economic interest is otherwise impaired, in which case it is likely that said attack or series - whether or not in any organizational context - has been planned and/or carried out with a view to effecting certain political and/or religious and/or ideological purposes.

1.2 Malevolent contamination

The spreading (whether active or not) - committed outside the scope of one of the six forms of acts of war as referred to in article 3:38 of the Act on Financial Supervision - of germs of a disease and/or substances which as a result of their (in) direct physical, biological, radioactive or chemical effect may cause injury and/or impairment of health, whether resulting in death or not, to humans or animals and/or may cause damage to property or may otherwise impair economic interests, in which case it is likely that the spreading (whether active or not) - whether or not in any organizational context - has been planned and/or carried out with a view to effecting certain political and/or religious and/or ideological purposes.

1.3 Precautionary measures:

Any precautionary measures taken by the authorities and/or insured parties and/or third parties in order to avert the imminent risk of terrorism and/or malevolent contamination or - if such peril has manifested itself - to minimize the consequences thereof.

1.4 Dutch Terrorism Risk Reinsurance Company [Nederlandse Herverzekeringsmaatschappij voor Terrorisemeschaden N.V.] (NHT):

A reinsurance company incorporated by the Association of Insurers (Verbond van Verzekeraars) in The Netherlands to which any liability to pay compensation under any insurance contract which, for the insurers authorized in The Netherlands, may arise either directly or indirectly from the manifestation of the risks referred to in Articles 1.1, 1.2, and 1.3, may be ceded.

1.5 Insurance contracts:

- a. Non-life insurance contracts insofar as, according to the provisions of Article 1:1 of the Act on Financial Supervision under 'state where the risk is situated' pertains to risks situated in The Netherlands.
- b. Life insurance contracts insofar as they are entered into with a Policyholder whose regular residence is in The Netherlands, or, if the policyholder is a legal entity, with the establishment of the legal entity to which the insurance contract pertains, whose registered office is in The Netherlands.
- c. Funeral in kind insurance contracts insofar as they are entered into with a policyholder whose regular residence is in The Netherlands, or, if the policyholder is a legal entity, with the establishment of the legal entity to which the insurance contract pertains, whose registered office is in The Netherlands.

1.6 Insurers authorized in The Netherlands:

Life insurers, funeral in kind insurers and non-life insurers who, based on the Act on Financial Supervision are authorized to carry on the insurance business in The Netherlands.

2 Limitation of the cover for the terrorism risk

2.1 If and insofar as, subject to the descriptions contained in articles 1.1, 1.2 and 1.3, and within the limits of the applicable policy conditions, cover is provided for the consequences of an event which is (directly or indirectly) related to:

- Terrorism, malevolent contamination or precautionary measures,
 - Any act or conduct in preparation for terrorism, malevolent contamination or precautionary measures, hereinafter to be collectively referred to as 'the terrorism risk', the liability to pay compensation on the part of the insurers in respect of any submitted claim to indemnity and/or benefit, shall be limited to the amount of the payment which the insurer receives in respect of said claim under the reinsurance of the terrorism risk with the NHT, in the event of an insurance with wealth creation increased by the amount of the wealth creation which has been realized under the insurance in question. With regard to life insurances the amount of the realized wealth creation shall be set at the premium reserve to be adhered to pursuant to the Act on Financial Supervision with respect to the insurance in question.

2.2 The NHT shall provide reinsurance cover for the aforementioned claims up to a limit of liability of EUR 1 billion in respect of any one calendar year. The aforementioned sum shall be eligible for annual adjustment and shall apply to all insurers associated with the NHT together. Any adjustment shall be announced in three national newspapers.

2.3 Contrary to the provisions contained in the aforementioned paragraphs of this article, the limit of indemnity under this contract with respect to any insurance pertaining to:
 - loss of or damage to immovable property and/or the contents thereof;
 - consequential loss due to loss of or damage to immovable property and/or the contents thereof, shall not exceed EUR 75 million in respect of any one policyholder and any one insured location per annum for all participating insurers as referred to in article 1 together, irrespective of the number of policies issued.

For the application of this paragraph insured location shall be understood to mean: all objects insured by the policyholder existing at the address of premises to which the insurance applies, as well as all objects insured by the policyholder located outside the address of premises to which the insurance applies whose use and/or purpose is in relation to the business activities at the address of premises to which the insurance applies. As such shall in any case be considered all objects insured by the policyholder which are located at a distance of less than 50 meters from each other and of which at least one is situated at the address of premises to which the insurance applies.

For the application of this paragraph it shall be provided that, with regard to legal entities and companies which are joined in a group, as referred to in Section 2 (24)(b) of the Netherlands Civil Code, all group companies together shall be regarded as one policyholder, irrespective of which group company(ies) belonging to the group has/have taken out the policy(ies).

3 Payment Protocol NHT

3.1 The reinsurance of the insurer with the NHT shall be subject to the Claims Settlement Protocol (hereinafter to be referred to as the Protocol). On the basis of the provisions laid down in said protocol, the NHT shall be entitled to defer any payment of indemnity or the sum insured until such time as the NHT is able to determine whether and to which extent it has at its disposal sufficient financial resources in order to settle in full all claims for which the NHT provides cover in its capacity as reinsurer. Insofar as the NHT is found not to have sufficient financial resources at its disposal, it shall be entitled in accordance with the provisions in question to pay a partial compensation to the insurer.

3.2 The NHT shall, with due regard for what has been stated in provision 7 of the Protocol, be authorized to decide whether an event in connection with which a claim to compensation is made should be considered as a consequence of the manifestation of the terrorism risk. Any decision taken to that effect and in accordance with the aforementioned provision by the NHT shall be binding upon the insurer, policyholder, insured parties, and the parties entitled to compensation.

3.3 Not until the NHT has notified the insurer of the amount, whether as an advance or not, which will be paid in respect of any one claim to compensation, shall the insured or the party entitled to the payment be entitled to lay claim to the payment as referred to in article 2.18.3 in this respect towards the insurer.

3.4 The reinsurance cover by the NHT shall pursuant to provision 17 of the Claims Settlement Protocol only apply to claims for indemnity and/or benefit which are reported within two years after the NHT has established that a certain event or circumstance is regarded as a manifestation of the terrorism risk within the context of this Clauses Sheet.
