

# ***Join the YNN!***

# ***The new Young Nematologists Network***

## ***What is the YNN?***

We are a network of young nematologists who seek to have more interaction with fellow young nematologists. We organize online and offline activities that will support scientific and professional development for PhDs, Post-docs and Master students who work in the field of Nematology and related disciplines.

## ***Why you should join the YNN***

The members will be able to acquire the following skills/benefits:

1. Affiliation to Young Nematologists Network and ESN
2. Organization, leadership and presentation skills
3. Acquiring the knowledge from different nematology disciplines and other related disciplines
4. Obtaining new ideas and interaction with people from diverse backgrounds
5. Improving and/or learning new methodologies and tools
6. Timely insights into new and existing nematology positions in academia and industry
7. Social interactions, stepping out of the comfort zone and creativity

## ***Join our first social activity!***

Tuesday May 3rd, we will have our first social activity to get to know each other and the YNN.

Join our activity to get more information about the YNN!!!

Tuesday May 3rd at 16:30-18:00. Venue: Amphi. Antipolis - Level3 Forum1

## ***For who is the YNN?***

PhDs, Postdocs, and Master students.

Each member needs to obtain ESN membership and to provide a reference (name and contact details) from another member of ESN.

## ***Scan me to become member!!!***

## ***Questions???***

Send us an email: [youngnematologists@gmail.com](mailto:youngnematologists@gmail.com) or meet us at our first social event!

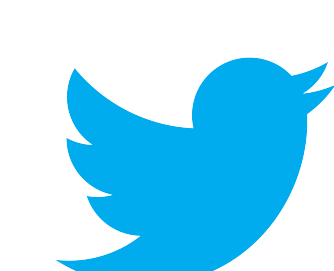

Exchange knowledge

Social interactions
