SERIÓÓS • DIEP

dance theater

Sometimes we are deeply sad, or just deeply happy. We fall deeply in love, or can be deeply in the shit. Sometimes life pulls you deep, and you can't seem to get out. What do you do then? Who can you turn to? SERIÓÓS explores the layers of life during DIEP. What do those deeper layers tell us about ourselves and perhaps about others? In the search for each person's depth, they meet each other, taste the sparkling zest for life, and find meaning. Because DIEP gives meaning!

BEATREECE CIRCUS • HOW DO DREAMS FEEL?

How do dreams feel? You might remember the whole storyline or just fractions, or have a blurry memory of it; but you're always left with a feeling. As we all carry these feelings in our bodies into the awakened world, Beatreece's circus will now carry them one step further and liberate dreams into movement. Beatreece is a Wageningen-based circus collective that will premiere their new show How do dreams feel? at Roomservice 2024.
