

Detailed Schedule - Timetable

Location	Wageningen Campus	
	Impulse, Stippeneng 2, 6708 WE Wageningen, The Netherlands.	
Time	Activity	
09:00-09:30	Registration and Poster Placement Coffee	
09:30-09:45	Welcome speech <i>Managing director of Animal Sciences Group, Wageningen University and Research</i>	
		dr.ir. Ernst van den Ende
09:45-11:15	Session 1: Presentations & poster pitches	
	O1: Gas and methane production from chicory, plantain, and birdsfoot trefoil at different regrowth stages: an in vitro study	Zhaoyang Cui
	O2: The relation between feed efficiency and fiber digestibility in dairy cows on commercial farms	Margreet Edens
	O3: Impact of Low-Protein Feeding strategies and on Performance and Lysine Efficiency in Weaned Piglets	Yao Zhu
	O4: Potential of IgG from spray dried porcine plasma (SDPP) to bind bacterial pathogens associated with canine enteropathies.	Ilva Noa Stellingwerf
	Poster Pitches	P1-P6
11:15-11:45	Coffee break and Poster session	
11:45-12:30	Interactive session	

	To explore different perspectives on key issues in animal nutrition research in the form of propositions.	dr.ir. Karel de Greef dr. Roselinde Goselink
12:30-13:30	Lunch break	
13:30-14:30	Session 2: Keynote speaker and Presentations	
	In vitro techniques: how do food technologists measure protein digestion? <i>Associate Professor, Food Process Engineering Group</i>	dr.ir. Anja Janssen
	O5: Effect of incorporating defatted black soldier fly meal on laying hen performance and egg quality.	Flore Blomme
	O6: The Role of Dietary Sulfur Amino Acids in Heat Stress Tolerance in Broilers	Herinda Pertiwi
14:30-15:00	Coffee break	
15:00-15:45	Session 3: Presentations	
	O7: Different feeding curves during gestation affect sows' body composition in the long term	Rafaella Carnevale
	O8: Milk urea, confounding factors and practical use to reduce dietary protein	Harmen van Laar
	O9: Effect of extruded linseed on methane emissions and rumen microbiota in two different diets	Joni Van Mullem
	O10: A population balance model to predict size reduction using a hammer mill of eight commonly used feedstuffs in animal feed formulation: practical application and sensitivity analyses	Jordi Rijpert
16:00-17:00	Closing Ceremony Drinks & Snacks
