

Can I come to Campus?

Use this checklist to take your own responsibility and check it every time you want to come to Campus. This checklist applies when you're not considered vulnerable^{##}
The latest version of this checklist is always available at wur.nl/cictc-student

I'm fully vaccinated* (including Booster ≥7 d ago)

Check the blue box that applies

*You're considered fully vaccinated when you finished your Pfizer/Moderna/AstraZeneca/Janssen vaccination series (series might consist of a confirmed infection + 1 vaccination) AND received a booster vaccination (Pfizer/Moderna) more than 7 days ago. This applies equally for a full vaccination series +booster with another WHO EULPQ approved vaccine.

**GGD test facility in Wageningen at Agro Business Park 99-101, walk in hours (that is, without appointment) 9:00-16:30. Alternatively you can make an appointment via Coronatest.nl or 0800-1202.

***A house-mate is a person with whom you're sharing facilities such as kitchen and/or bathroom and/or living room.

Sharing only a walkway/corridor doesn't make you house-mates.

****Close contact is >15 minutes within 24h at <1.5m distance, or when kissing or hugging some-one (irrespective of duration). When you've properly worn a medical mouth-nose-mask (ii/iir/ffp2) during that contact, you're not considered a close contact.

#Severe Corona linked complaints are fever and/or shortness of breath and/or sudden loss of taste/smell. Mild Corona linked complaints are: cold symptoms such as nasal cold, runny nose, sneezing, sore throat that are not directly linked to a known condition (e.g. hay-fever).

##Vulnerable are persons defined at rivm.nl/in_dutch that include a.o. persons >70y, having severe chronic lung or cardiovascular disease, non-adjusted diabetes or are morbid obese (BMI>40). In these cases indicated self-tests should be replaced by PCR tests.

Note: When the GGD (Municipal Health Service) contacts you, they might give you a personal advise that deviates from the one given here, in that case follow their advice.

Rules at Wageningen University & Research locations

Stick to the WUR Corona Protocol

Find the most current protocol on the [WUR website](#)

Do you see someone

around you with symptoms? Then

address him or her kindly.

A (medical) nose-mouth mask can be worn, available at reception desks

Wash or disinfect hands often

Sneeze and cough in elbow

Keep a stock of selftest, tot test when having (minor) complaints. Order them at Zelftestonderwijs.nl

Can I come to Campus?

Use this checklist to take your own responsibility and check it every time you want to come to Campus. This checklist applies when you're not considered vulnerable[#]

The latest version of this checklist is always available at wur.nl/cictc-student

Student Version

Valid from January 15, 2022

I'm NOT fully vaccinated* (incl. booster <7 days ago)

Check the blue box that applies

I'm >5 days out of isolation after Covid-19 and was tested positive <8 weeks ago

You're welcome on campus
Wear a nose-mouth-mask first 5 days after isolation

I tested positive in a qPCR test (from GGD)

I have mild or severe Corona linked complaints[#]
I didn't and don't have Corona linked complaints[#]

Don't come to campus for 5 days after onset of symptoms **and** being 24h without mild or severe complaints

Don't come to campus for the next 5 days after first positive (self) test

You're welcome on campus, Avoid vulnerable persons
When you are on campus, a medical nose-mouth-mask is mandatory for the first 5 days after isolation

I tested positive in a self-test and/or have severe Corona linked complaints[#]

Don't come to campus, get qPCR tested** a.s.a.p. and wait for the test result

Test result Positive
Test result Negative

You're welcome on campus

I have mild Corona linked complaints[#] and I'm not in quarantine

Do a **Selftest**
Positive
Negative

You can come to campus, but do **another selftest**, 24h later

Positive
Negative

A house-mate*** has mild Corona linked complaints[#], and both the house-mate and you tested negative in a self-test

You can come to campus, but both you and your housemate should do **another selftest**, 24h later

Someone in my classroom that was a close contact**** tested positive with a self-test or qPCR test **or**
A person or the GGD informed me that I was a close contact**** of someone tested positive **or**
I got a notification from the CoronamelderApp

Don't come to campus.
(quarantine)

Do a **Selftest**
a.s.a.p.

Stay in quarantine.
Take a **qPCR test**** on day 5 after contact

Test result Positive
Test result Negative

You're welcome on campus. HOWEVER, for the next 5 days after quarantine: avoid vulnerable persons and wear a medical mask. Watch your health more careful and selftest

A house-mate tested positive in a qPCR or selftest and is isolated from the test moment onwards in his/her own room.

Don't come to campus.
(quarantine)

Do a **Selftest**
a.s.a.p.
Positive
Negative

Stay in quarantine.
Take a **qPCR test**** on day 5 after last contact with housemate

Test result Negative
Test result Positive

A short and/or non-close**** contact with someone who tested positive (*this includes prolonged contact when wearing a medical mouth-nose-mask*)

Do a **Selftest**
a.s.a.p.
Positive
Negative

You're welcome on campus, avoid vulnerable persons
Watch your health more carefully.
Regular Self-Testing is even more important

Another contact with someone who tested positive

Check with our regional GGD (0800-8446000 daily 08:00-17:00)

Follow GGD advice

None of the above?

You're welcome on campus
