I'm fully vaccinated* (including Booster ≥7 d ago)

Check the blue box that applies

I'm >5 days out of isolation after Covid-19 and was tested positive <8 weeks ago

I tested positive in a qPCR test (from GGD)

Don't come to campus, get qPCR tested and wait for the test result

You're welcome on campus

I have mild or severe Corona linked complaints*

Can I come to Campus?

You're welcome on campus

Do you see someone around you with symptoms? Then address him or her kindly.

Rules at Wageningen University & Research locations

***Vulnerable persons defined at

- **Severe Corona linked complaints are fever and/or shortness of breath and/or sudden loss of taste/smell.**
  - Covid 19 and was tested positive <8 days after onset of symptoms.
  - Severe complaints being 24h without mild or severe complaints.
  - Other severe complaints.
  - A housemate*** has mild Corona linked complaints, and both the housemate and you tested negative in a self-test

A house-mate*** has mild Corona linked complaints*, and both the house-mate and you tested negative in a self-test

Someone in my classroom that was a close contact**** (while not wearing a medical mask) tested positive with a self-test or qPCR test or a person the GGD informed me that I was a close contact**** of someone tested positive or I got a notification from the CoronamelderApp

A house-mate tested positive in a qPCR or selftest and is isolated from the test moment onwards in his/her own room. You receive your booster at least 9 days before the positive test of your housemate.

A short and/or non-close***** contact with someone who tested positive (this includes prolonged contact when wearing a medical mouth-nose-mask)

Another contact with someone who tested positive

None of the above?

*You're considered fully vaccinated when you finished your Pfizer/Moderna/AstraZeneca/Janssen vaccination series (series might consist of a confirmed infection + 1 vaccination) AND received a booster vaccination (Pfizer/Moderna) more than 7 days ago. This applies equally for a full vaccination series +booster with another WHO EULPQ approved vaccine.

** GGDS test facility in Wageningen at Agro Business Park 99-101, walk in hours (that is, without appointment) 9:00-16:30. Alternatively you can make an appointment via Coronatest.nl or 0800-1202.

*** A house-mate is a person with whom you're sharing facilities such as kitchen and/or bathroom and/or living room.

**** Sharing only a walkway/corridor doesn't make you housemate when on campus, a medical mask is worn, available at reception desks. For instance, being 24h without mild or severe complaints.

***** Close contact is <15 minutes within 24h at <1.5m distance, or when kissing or hugging some-one (irrespective of duration). When you've properly worn a medical mouth-nose-mask (FFP2/FF42) during that contact, you’re not considered a close contact.

Note: When the GGD (Municipal Health Service) contacts you, they might give you a personal advise that deviates from the one given in this protocol. In that case follow their advice.

Use this checklist to take your own responsibility and check it every time you want to come to Campus. This checklist applies when you’re not considered vulnerable.

The latest version of this checklist is always available at www.campus-student.nl.
I'm NOT fully vaccinated* (incl. booster <7 days ago)

Check the blue box that applies

I'm >5 days out of isolation after Covid-19 and was tested positive <8 weeks ago

I tested positive in a qPCR test (from GGD)

I have mild or severe Corona linked complaints*
I didn't and don't have Corona linked complaints*

Don't come to campus for 5 days after onset of symptoms and being 24h without mild or severe complaints

Don't come to campus for the next 5 days after first positive (self) test

You're welcome on campus

You're considered fully vaccinated when you finished your Pfizer/Moderna/AstraZeneca/Janssen vaccination series (might consist of a confirmed infection + 1 vaccination) AND received a booster vaccination (Pfizer/Moderna) more than 7 days ago. This applies equally for a full vaccination series and booster with another WHO EULINQ approved vaccine.

***A house-mate is a person with whom you're sharing facilities such as kitchen and/or bathroom and/or living room.

Sharing only a walkway/doorway doesn't make you house-mates.

****Close contact is >15 minutes within 24h at <1.5m distance, or when kissing or hugging someone (irrespective of duration). When you've properly worn a medical mouth-nose-mask (surgical/FFP2) during that contact, you're not considered a close contact.

*****Severe Corona linked complaints are fever and/or shortness of breath and/or sudden loss of taste/smell. Mild Corona linked complaints are: cold symptoms such as nasal cold, runny nose, sneezing, sore throat that are not directly linked to a known condition (e.g. Tonsillitis). Severe complaints include coughing (when not directly linked to a known condition (e.g. Tonsillitis).

#Vulnerable persons defined at wur.nl/en-student that include a.o. persons >70y, having severe chronic lung or cardiovascular disease, non-adjusted diabetes or are morbid obese (BMI>40). In these cases indicated self-tests should be replaced by PCR tests.

Note: When the GGD (Municipal Health Service) contacts you, they might give you a personal advice that deviates from the one given here, in that case follow their advice.

Stick to the WUR Corona Protocol

Find the most current protocol on the WUR website Do you see someone around you with symptoms? Then address him or her kindly.

A (medical) nose-mouth mask can be worn, available at reception desks

Wash or disinfect hands often

Sneeze and cough in elbow

Keep a stock of selftest, tot test when having (minor) complaints. Order them at zelftestonderwijs.nl
