## International credentials evaluation guideline

September 2021

The following information is only to be used as reference for admissions to graduate studies at Wageningen University.

When consulting this guide please note the following:

- ◆ This guide has been compiled using a variety of sources (mentioned below) but is by no means complete.
- ◆ Additional grading systems may exist in any country.
- ◆ Transcript legends should be used whenever possible.
- ◆ The minimum qualifications listed below are considered approximately equivalent to a 3-year's Bachelor's degree at Wageningen University.
- ◆ The minimum quality requirements concern the entire preparatory study programme (Bachelor's or equivalent).
- ◆ Admission Boards may set higher requirements and/or may require additional documentation (e.g. portfolio, sample of written work, etc.).
- ◆ Only students who are graduates of accredited or otherwise approved universities are eligible for admission to graduate studies. Students may be required to provide us with documentation to support the accreditation of the institution.

For a substantial number of countries, Nuffic has published a [country module](#) containing general information about the education system, the main qualifications issued, as well as the evaluation of these qualifications in the Netherlands.
