

Farewell Symposium for dr. Henk Van As “NMR/MRI, Plants and Foods: Does Size Matter?”

25/10/2019, Gaia Theater rooms 1 & 2, Wageningen University

13.00 - 13.05: Opening **Camilla Terenzi**, Laboratory of Biophysics/Wageningen University

13.05 - 13:30: **Bernard Blümich**, Institute of Technical and Macromolecular Chemistry/Aachen University
“NMR adventures”

13.30 - 13.50: **John van Duynhoven**, Unilever and Laboratory of Biophysics/Wageningen University *“Food Matters”*

13.50 - 14.00: **Frank Vergeldt**, Laboratory of Biophysics/Wageningen University *“Counter Hagen-Poiseuille Flow of Two Liquids”*

14.00 - 14.20: **Tom Scheenen**, University Medical Center/Radboud University *“What Henk Made Me Do: A Story of Flowers and Vegetables”*

14.20 - 15.00: coffee break

15.00 - 15.15: **Julia Krug**, NMARRS, Laboratory of Biophysics and Bionanotechnology/Wageningen University *“Ultra-high Field MRI and MRS: Opportunities and Challenges in Anatomical Imaging and Metabolite Detection”*

15.15 - 15.40: **Maja Musse**, National Research Institute of Science and Technology for Environment and Agriculture/Rennes *“NMR and MRI Relaxometry Studies of Plant Tissues”*

15.40 - 16:05: **Petrik Galvosas**, School of Chemical and Physical Sciences/Wellington University *“Plants in the Hands of an Experimental Physicist - from Powder Samples to Medical Phantoms”*

16.05 - 16.20: **Arno Kentgens**, Physical Chemistry/Radboud University *“Magnetic Resonance Facilities and Education in The Netherlands”*

16.20 - 16.50: **Henk Van As**, Laboratory of Biophysics/Wageningen University *“Over 40 Years: Up and Down, Small and Big ... and It Will Continue”*

16.50 - 17.00: Closing **Camilla Terenzi**, Laboratory of Biophysics/Wageningen University

17:00 - 19.00: Reception with drinks
