### **Pre-conference PhD / Postdoc master class**

As pre-conference initiative to the 2IFPM, a **PhD / Postdoc master class on environmental governance and practice theory** will be organized. This initiative is a response to a request from the forest policy research field, and a follow-up on FNP's book 'Forest and nature governance: a practice based approach'. Aim is to teach and discuss the relevance of practice theory and practice-based approaches for the study of environmental governance (including forest and nature governance). Several scholars, both from within and outside Wageningen University, will address keynotes and various schools of thought will be reviewed. Besides, hands-on classes on how to use and apply practice theory and practice-based approaches will be organized. The master class will take place on Monday 9<sup>th</sup> of April and Tuesday 10<sup>th</sup> of April 2018. Information on fees will follow later. If you are interested or need additional information, please contact Jelle Behagel ([jelle.behagel@wur.nl](mailto:jelle.behagel@wur.nl)).

### **Questions?**
