

Subsidy form individual material subsidy

WUR students who have purchased sports equipment between 1 January and 1 February 2021 can get a refund of 50% of their purchase, up to € 15,- per person. Sports equipment is defined as equipment that can be used to practice sports; the assessment of this is done by the Daily Board of SWU Thymos. Clothing and footwear are excluded from this subsidy. This subsidy may be used for multiple purchases, but this form can only be submitted once. Due to the guidelines of the RIVM, this subsidy only applies to sports equipment that is intended for individual use (balls for team sports are not included here). The assessment of this is done by the Daily Board of SWU Thymos.

This form must be emailed to swu.thymos@wur.nl within one month of purchase. Your application will only be processed if this form has been completed in full. An invoice / order confirmation and proof of payment (bank statement) must also be enclosed. If the application has been approved, the subsidy will be paid out in April 2021.
