

Biofluidynamics of locomotion

Seminar and public thesis defence

Wednesday, 12-06-2019

Seminar: **Zodiac, A0108**
De Elst 1, Wageningen

Defence: **Wageningen University Aula**
Generaal Foulkesweg 1, Wageningen

9:30 | Reception with coffee and tea

9:55 | **Johan van Leeuwen**
Wageningen University & Research (the Netherlands)

Introduction

10:00 | **Florian Muijres**
Wageningen University & Research (the Netherlands)

Insect flight

10:30 | **Christoffer Johansson**
Lund University (Sweden)

Bat flight

11:00 | Coffee / tea

11:15 | **Eize Stamhuis**
University of Groningen (the Netherlands)

Determining factors from fish propulsion modelling at realistic Reynolds numbers

11:45 | **Matthew McHenry**
University of California, Irvine (USA)

Predator-prey interactions in fishes

12:15 | Closure and lunch

16:00 | **Public thesis defence Cees Voesenek**
Wageningen University & Research (the Netherlands)

How fish larvae swim – From motion to mechanics

17:30 | Reception
