

Dear colleague,

RIKILT Wageningen University & Research is planning to organize a proficiency test regarding antibiotics, anthelmintics and coccidiostats at carry-over level in compound feed. This study will focus on the screening or quantification of the detected compounds. This test will be organised according to ISO 17043, for which RIKILT is accredited ([www.rva.nl](http://www.rva.nl) - R013).

The number of participants is limited to 50; if the number of participants is insufficient, the proficiency test cannot proceed. I would like to invite you to participate in this test.

Please forward this invitation to other laboratories in your country or other contacts that could be interested in participating. The following issues are important for participation in the proficiency test:

### 1. Samples

- Three compound feed samples (approximately 75 grams) will be supplied for the screening and/or quantitative analysis of antibiotics, anthelmintics and coccidiostats.
- The samples may contain one or more compounds.
- Samples will be sent in December 2018/January 2019. The distribution of the samples will be announced by e-mail. The deadline for reporting will be at least six weeks after shipment of the samples.
- The participant should arrange the necessary import permits for the sample materials (if necessary).

## **2. Screening or quantitative analysis**

- Please indicate on the participation form which compounds are included in your analytical method(s).
- You can subscribe for the screening or the quantitative part, please indicate this on the participation form.

## **3. Report**

- A report of the proficiency test will be dispatched in April/May 2019.
- Results of the proficiency test will be presented anonymously.

## **4. Additional information**

- RIKILT is allowed to use the anonymous results of the proficiency test in presentations, seminars and publications.
- RIKILT will never inform third parties (e.g. accreditation bodies) on specific laboratory results without informing the laboratory first.

## **5. Costs**

- For the participation, we request a fee of € 600,- (ex. VAT) as a compensation for the preparation and transportation of the samples.
- If an extra batch of samples is needed after the first shipping, the courier costs will be charged.

If you would like to participate, please fill out the enclosed participation form (preferably digitally) and send it to me before 22 October 2018 by e-mail ([pt.rikilt@wur.nl](mailto:pt.rikilt@wur.nl)).

Hoping to welcome you for this proficiency test,
