

Online alumni event USA/Canada

Join the online event for alumni in USA and Canada West

Dear WUR alumna/alumnus,

If getting together in-person isn't possible, let's meet virtually!

On Thursday 28 May 8.00 PM (PDT) you are invited to join alumni from both your own city and other parts of USA and Canada West as part of a special online event and borrel for our DEAN* communities in the country.

Programme

The interactive evening programme includes brief updates from the universities, followed by a short talk by talk by UT alumnus Björn Harink (Science and Technology). Björn describes himself as a scientist, engineer, entrepreneur, globetrotter, and human of earth. It's not by chance that he uses a planet as a point of reference since as the Principal Scientist at SF based Leiden Measurement Technologies he helps develop instruments used by NASA to detect life in extraterrestrial environments like Europa and Mars.

Per tradition, our gathering concludes with a virtual borrel (BYOB) where you and fellow alumni living in USA or Canada West will be mixed with each other to maximize interactions and stimulate conversations! Make sure to also bring some snacks and drinks for the borrel!

Why are your Alumni Offices organizing this online event?

For alumni who are living outside of their own countries, alumni networks such as DEAN can be extremely useful resources for tapping into fellow alumni for advice and support particularly during crisis periods. The new online event format has been developed to enhance local connections

between alumni and is an addition to the existing channels the [LinkedIn Group DEAN USA](#) and [LinkedIn Group DEAN Canada](#), and newly and existing city based WhatsApp Groups.

To join this event register via the button below. Please note that we have a maximum capacity of 100 participants for this activity – if necessary a waiting list will be created. All registrations are taken care of by TU Delft.

[REGISTER](#)

Please also complete the form if you are unable to participate but would still like to be added to a local alumni WhatsApp group in your city.

Please note that this event is a pilot. We would appreciate your feedback on this event, so we can use this experience for future virtual events.

Questions? Comments? Suggestions? Please feel free to reach out!

Stay safe, stay healthy and we hope to see many of you on Thursday 28 May.

Kind wishes from Delft,

Anouk Dijkstal
Alumni Engagement Manager
