

Harmonization, innovation, and standardization of soil hydro-physics properties through international engagement (SOPHIE)

G. Bakker, M. van der Ploeg, A. Degre, A. Nemes

Organization

- Internationally focused
- >150 person interest group
- Website now embedded in WUR
- Aim to make stand-alone
- Funding needed

Alliances/Funding/grants

- Parts of SOPHIE are included in the COST-action proposal Soil Footprint
- SOPHIE is mentioned in the EJP-SOIL
- SOPHIE is affiliated with ISMC and WEPAL
- Planned meeting in Dec 19 with JRC-Ispra
- More structural funding/grants are needed to accomplish the goals of SOPHIE

Open discussion on funding for SOPHIE
