

Application form subsidy on training and education

Please inform the Board of SWU Thymos before the training or education takes place, so that the Board of SWU Thymos can assess in advance whether the desired training meets the subsidy conditions.

SWU Thymos will contribute to 1/2 of the total payment up to a maximum of € 250,- per ssa per year. Examples of costs for training and education are: registration costs and exam and course materials costs. The contribution of SWU Thymos will be paid to the ssa, so not to the trainee.

An ssa shall warrant that any expertise derived from a course will be utilised for the benefit of the relevant ssa for no less than one year following the end of that course. Does the obtained knowledge disappear within the first year, the Board of SWU Thymos can decide that the relevant ssa has to repay (a part of) the subsidy.

SWU Thymos only pays the subsidy after the course has been finished successfully. We will only handle your application if this form is filled in completely. Please enclose a proof of success/participation and a proof of payment (bank statement). These three documents have to be emailed to swu.thymos@wur.nl within three months after the training.

Undersigned,

Name	
Date	
E-mail address	
WUR account name (e.g. janss001)	
Bank account ssa	

Will participate in the following course:

Name course	
Costs of management training and education (subscription, exam and course materials costs, excluding costs of shelter, transport and food)
