The program takes place the first two weeks of October (winter term) and the first two weeks of April (summer term). The program is divided into instructional units that are designed to not only help you get through the paper work upon arrival, but also acquaint you with the cultural possibilities in and around Munich:

## Visa Requirements/Residence Permit Application

---

**Entry Regulations to study in Germany** **Applicants from EU/EFTA nations** as well as some other nations do not need a visa. **Applicants without EU/EFTA citizenship that study in an EU/EFTA member state** with a valid residence permit for study purposes in that EU/EFTA member state if coming on exchange to TUM for up to 360 days: those students either need to apply for a visa (by their own) or need to obtain a confirmation of the German BAMF (done by TUM). Please check our website for information before nominating.  
**Students from Switzerland** who are allowed to enter Germany without a visa have to fill out a residence permit application, which can be obtained at the local Foreigner's Registration Authority.  
**Applicants from Non-EU nations** normally need a visa to study in Germany. In order to get a visa and the information if they need a visa, they must contact the embassy or consulate of the Federal Republic of Germany in their home country to ask and apply for it. Visa-application is necessary at least 2 months ahead of time. Students cannot travel to Germany on a tourist visa, since this cannot be changed into a student visa! Students that are in Germany on a tourist visa are not entitled to study.

**Further Information** See "Legal Requirements": <https://www.international.tum.de/en/exchangestudents/>

## Health Insurance

---

**Are students required to purchase health insurance?** Yes, in Germany health insurance is mandatory. One cannot register at TUM without proof of a German national insurance. Students originating from countries in the European Union (EU/EFTA) nations must obtain the International Health Insurance Certification (former E111 or E128) or EHIC-Card from their insurer in their home country and present it to a German national insurer to receive the demanded proof. Students originating from countries outside the EU: To ensure that coverage is sufficient to meet German national standards, it is recommended that students purchase an in-country medical insurance plan. Full coverage for students is around €90-95 monthly. Travel insurances are not accepted:

**Further Information** See under "Legal Requirements":  
<https://www.international.tum.de/en/exchangestudents/>

## Banking

---

**Must students open a bank account while studying in Munich?** It is highly advisable to open a bank account in Germany. German banks offer accounts free of charge for students. Debit cards from German banks are accepted throughout Europe.

**Tax-ID** Since 2018 it is obligatory to show a tax-ID for opening a bank account: When coming to Germany, students should bring their own tax-ID from their home country. Please help them with this matter!  
They could also get a German tax-ID. But this is much more difficult and needs a lot of time (6-8 weeks): this is often too late for opening a bank account, as e.g. landlords, TUM sports (if taking part) need bank data earlier. So it is not really an option.

**What are acceptable credit cards in Munich?** In Munich all major credit cards are accepted. However, not all stores take credit cards; some shops only accept cash payment.  
In smaller cities and towns outside of Munich credit cards are not widely accepted.

## Signatures of TUM

---

**Confirmation of stay** Signature of **arrival**:  
Will be signed by TUM only AFTER the first academic activity at TUM (e.g. Orientation weeks, language course)! Not earlier.

Signature of **departure**:  
Will be signed by TUM only at the time of the LAST academic activity at TUM (e.g. end of courses, exam, end of thesis)! Not earlier or later!

**Learning Agreement** Will be signed by the TUM department (not TUM International Center). Signatures are available at earliest after students received their TUM admission letter (winter term from July / summer term from December). Students need to contact their TUM department to receive the signed version, as in most cases it will not be done automatically. This can be done via e-mail or when students are at TUM.
