

Workshop on supporting the “actor-factor” in spatial planning

Arnold Bregt

Agenda

- Purpose of workshop
- Approach

Purpose of workshop

- Exploring the bridge between “science of the tools” and “practice of the planning”

Approach

- Components:
 - Presentations
 - Audience (tool scientists and planners or both)
 - Questions
- Process
 - Presentation
 - Informative discussion
 - Answering questions
 - Wrap-up

Questions

- How do judge the current status of use of tools in planning?
 - Planners
 - Tool scientists
- What are requirements for the future (planners view)?
- What are the developments (tool view)?
- How to “build the bridge”

Let's explore!
