

WAGENINGEN
UNIVERSITY & RESEARCH

Symposium

Water stressed futures: Water Systems and Global Change

15 March 2017

13.00-17.15 with drinks afterwards

Location: Lumen 1&2

Wageningen University & Research

Program

Time	Speakers	Titles
13.00 – 13.10	Bram de Vos ¹	Welcome
13.10 – 13.30	Carolien Kroeze ²	Water and Global Change: Too much, too little, too dirty
13.30 – 14.00	Charles Vörösmarty ³	Threats to global water security: Prospects for transforming problems into solutions?
14.00 – 14.30	Fulco Ludwig ²	What's next in the water-energy-food nexus: Balancing water use in a changing world.
14.30 – 15.00	Michelle van Vliet ²	Quality matters: Including water quality in global water stress assessment
15.00 – 15.45	Coffee break & Posters	
15.45 – 16.15	Berit Arheimer ⁴	Climate services
16.15 – 16.45	Ronald Hutjes ²	Climate constraints on water: managing or easing them?
16.45 – 17.15	Saskia Werners ²	Adaptive management of water stressed futures
17.15 -	Drinks	

¹ Director Environmental Sciences Group, Wageningen University & Research

² Water Systems and Global Change Group, Wageningen University & Research

³ The City University of New York Advanced Science Research Center, New York

⁴ Hydrological Research, Swedish Meteorological and Hydrological Institute

Venue

Location: Lumen 1+2

Address: Droevendaalsesteeg 3a, 6708 PB Wageningen
