

Admission Requirements to the Master Study Programmes

Only Dutch Bachelor degrees are mentioned below. Foreign Bachelor degrees give 'possible admission'. The responsible Admission Board has to decide

1. MAB - MSc Biosystems Engineering

Unconditional admission:

WU BSc Agrotechnologie (Biosystems Engineering)

Possible admission (admission board Technology and Nutrition):

WU BSc Dierwetenschappen (Animal Sciences) (engineering oriented specialization required)

WU BSc Plantenwetenschappen (Plant Sciences) (engineering oriented specialization required)

WO B Engineering

HBO B Dier- en Veehouderij (engineering oriented specialization required)

HBO B Elektrotechniek

HBO B Tuinbouw en Akkerbouw (engineering oriented specialization required)

HBO B Werktuigbouwkunde

Unmentioned but possibly relevant engineering oriented Bachelor degrees with a life science component

2. MAM - MSc Aquaculture and Marine Resource Management

Unconditional admission:

WU BSc Biologie (Biology)

WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)

WU BSc Dierwetenschappen (Animal Sciences)

WU BSc Milieuwetenschappen (Environmental Sciences)

Possible admission (admission board Life Sciences):

WU BSc Biotechnologie (Biotechnology)

WU BSc Economie en Beleid (Economics and Governance)

WU BSc Internationaal Land- en Waterbeheer(International Land and Water Management)

WU BSc Internationale Ontwikkelingsstudies (International Development Studies)

WO B Biologie

WO B Life Science and Technology

WO B Milieu-maatschappijwetenschappen

WO B Milieu-natuurwetenschappen

HBO B Aquatische Ecotechnologie

HBO B Kust- en Zeemanagement

HBO B Land- en Watermanagement

HBO B Milieutechnologie

HBO B Toegepaste Biologie

Unmentioned but possibly relevant Bachelor degrees

3. MAS - MSc Animal Sciences

Unconditional admission:

WU BSc Biologie (Biology)

WU BSc Dierwetenschappen (Animal Sciences)

Possible admission (admission board Life Sciences):

WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)

WO B Biologie

WO B Biomedische Wetenschappen

WO B Diergeneeskunde

WO B Life Science and Technology

HBO B Applied Animal Science

HBO B Biologie

HBO B Biologie en Medisch Laboratoriumonderzoek

HBO B Dier- en Veehouderij

HBO B Diermanagement

HBO B Landbouw (Animal)

HBO B Toegepaste Biologie

Unmentioned but possibly relevant Bachelor degrees

4. MBF - MSc Bioinformatics

Unconditional admission:

- WU BSc Biologie (Biology)
- WU BSc Biotechnologie (Biotechnology)
- WU BSc Dierwetenschappen (Animal Sciences)
- WU BSc Plantenwetenschappen (Plant Sciences)
- WU BSc Moleculaire Levenswetenschappen (Molecular Life Sciences)

Possible admission (admission board Technology and Nutrition):

- WU BSc Voeding en Gezondheid (Nutrition and Health)
- WO B Biologie
- WO B Informatica
- WO B Life Science and Technology
- WO B Moleculaire Levenswetenschappen
- HBO B Bioinformatica
- HBO B Biologie en Medisch Laboratoriumonderzoek
- HBO B Bioprocestechnologie
- HBO B Biotechnologie

Unmentioned but possibly relevant Bachelor degrees

5. MBI - MSc Biology

Unconditional admission:

- WU BSc Biologie (Biology)

Possible admission (admission board Life Sciences):

- WO B Biologie

Unmentioned but possibly relevant Bachelor degrees

6. MBT - MSc Biotechnology

Unconditional admission:

- WU BSc Biotechnologie (Biotechnology)
- WU BSc Moleculaire Levenswetenschappen (Molecular Life Sciences)

Possible admission (admission board Technology and Nutrition):

- WU BSc Biologie (Biology)
- WU BSc Levensmiddelentechnologie (Food Technology)
- WU BSc Milieuwetenschappen (Environmental Sciences)
- WO B Biologie
- WO B Biomedische Wetenschappen
- WO B Life Science and Technology
- WO B Moleculaire Levenswetenschappen
- WO B Molecular Science and Technology
- WO B Scheikundige Technologie
- WO B Scheikundige Technologie en Bioprocstechnologie
- WO B Sustainable Molecular Science and Technology
- HBO B Bioinformatica
- HBO B Biologie en Medisch Laboratoriumonderzoek
- HBO B Biologische Laboratorium Opleiding
- HBO B Bioprocestechnologie
- HBO B Biotechnologie
- HBO B Chemische Laboratoriumopleiding
- HBO B Chemische Technologie
- HBO B Laboratoriumtechniek
- HBO B Levensmiddelentechnologie
- HBO B Milieukunde
- HBO B Milieutechnologie
- HBO B Voedingsmiddelentechnologie

Unmentioned but possibly relevant Bachelor degrees

7. MCH - MSc Communication, Health and Life Sciences

Unconditional admission:

- WU BSc Gezondheid en Maatschappij (Health and Society)

WU BSc Internationale Ontwikkelingsstudies (International Development Studies)
 WU BSc Communicatie en Life Sciences (Communication and Life Sciences)
 Possible admission (admission board Social Sciences):
 WU BSc Bedrijfs- en Consumentenwetenschappen (Management and Consumer Studies)
 WU BSc Economie en Beleid (Economics and Governance)
 WU BSc Tourism
 WO B Algemene Sociale Wetenschappen
 WO B Antropologie
 WO B Bestuurs- en Organisationswetenschap
 WO B Communicatiewetenschap
 WO B Communicatie- en Informatiewetenschappen
 WO B Liberal Arts and Sciences
 WO B Sociologie
 WO B Gezondheidswetenschappen
 Unmentioned but possibly relevant Bachelor degrees

8. MCL - MSc Climate Studies

Unconditional admission:
 WU BSc Bodem, Water, Atmosfeer (Soil, Water, Atmosphere)
 WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)
 WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)
 WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)
 WU BSc Milieuwetenschappen (Environmental Sciences)
 Possible admission (admission board Environment & Landscape):
 WU BSc Biologie (Biology)
 WU BSc Economie en Beleid (Economics and Governance)
 WU BSc Internationale ontwikkelingsstudies (International Development Studies)
 WU BSc Plantenwetenschappen (Plant Sciences)
 WO B Aarde en Economie
 WO B Aardwetenschappen
 WO B Biologie
 WO B Economie
 WO B Economie en Bedrijfseconomie
 WO B Future Planet Studies
 WO B Geografie, Planologie en Milieu
 WO B Milieu-maatschappijwetenschappen
 WO B Milieu-natuurwetenschappen
 WO B Sociale Geografie en Planologie
 HBO B Aquatische Ecotechnologie
 HBO B Bos- en Natuurbeheer
 HBO B Climate & Management
 HBO B Kust- en Zeemanagement
 HBO B Land- en Watermanagement
 HBO B Landscape and Environment Management
 HBO B Milieukunde
 HBO B Ruimtelijke Ordening en Planologie
 HBO B Toegepaste biologie
 Unmentioned but possibly relevant Bachelor degrees

9. MDR - MSc Development and Rural Innovation

Unconditional admission:
 WU BSc Agrotechnologie (Biosystems Engineering)
 WU BSc Biologie (Biology)
 WU BSc Biotechnologie (Biotechnology)
 WU BSc Bodem, Water, Atmosfeer (Soil, Water, Atmosphere)
 WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)
 WU BSc Dierwetenschappen (Animal Sciences)
 WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)
 WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)

- WU BSc Levensmiddelentechnologie (Food Technology)
- WU BSc Milieuwetenschappen (Environmental Sciences)
- WU BSc Moleculaire Levenswetenschappen (Molecular Life Sciences)
- WU BSc Plantenwetenschappen (Plant Sciences)
- WU BSc Voeding en Gezondheid (Nutrition and Health)

Possible admission (admission board Social Sciences):

- WO B Advanced Technology
- WO B Applied Earth Sciences
- WO B Biologie
- WO B Biomedische wetenschappen
- WO B Diergeneeskunde
- WO B Civiele Techniek
- WO B Bouwkunde
- WO B Future Planet Studies
- WO B Life Science & Technology
- WO B Milieu-natuurwetenschappen
- WO B Natuurwetenschap en Innovatiemanagement
- WO B Technology and Liberal Arts & Sciences
- WO B Technische Planologie
- HBO B Bos- en Natuurbeheer
- HBO B Civiele Techniek
- HBO B Dier- en Veehouderij
- HBO B Diermanagement
- HBO B Horticulture & Business Management
- HBO B International Development Management
- HBO B International Food & Agribusiness
- HBO B Kust- en Zeemanagement
- HBO B Land- en Watermanagement
- HBO B Milieukunde
- HBO B Plattelandsvernieuwing
- HBO B Toegepaste Biologie
- HBO B Tropische Landbouw
- HBO B Tuinbouw en Akkerbouw
- HBO B Voedingsmiddelentechnologie

Unmentioned but possibly relevant Bachelor degrees

10. MEE – MSc Earth and Environment

Unconditional admission:

- WU BSc Bodem, Water, Atmosfeer (Soil, Water, Atmosphere)

Possible admission (admission board Environment & Landscape):

- WU BSc Biologie (Biology)
- WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)
- WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)
- WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)
- WU BSc Milieuwetenschappen (Environmental Sciences)
- WU BSc Plantenwetenschappen (Plant Sciences)
- WO B Aardwetenschappen
- WO B Algemene Natuurwetenschappen
- WO B Biologie
- WO B Civiele Techniek
- WO B Future Planet Studies
- WO B Milieu-natuurwetenschappen
- WO B Natuurkunde
- WO B Natuur- en Sterrenkunde
- WO B Natuurwetenschappen en Innovatiemanagement
- WO B Scheikunde
- WO B Scheikundige Technologie
- WO B Technische Aardwetenschappen
- WO B Technische Natuurkunde

Unmentioned but possibly relevant Bachelor degrees

11. MES - MSc Environmental Sciences

Unconditional admission:

WU BSc Milieuwetenschappen (Environmental Sciences)

Possible admission (admission board Environment & Landscape):

WU BSc Bodem, Water, Atmosfeer (Soil, Water, Atmosphere)

WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)

WU BSc Economie en Beleid (Economics and Governance)

WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)

WU BSc Tourism

WO B Aarde en Economie

WO B Aardwetenschappen

WO B Beta-gamma

WO B Future Planet Studies

WO B Geografie, Planologie en Milieu

WO B Milieu-maatschappijwetenschappen

WO B Milieu-natuurwetenschappen

HBO B Aquatische Ecotechnologie

HBO B Kust- en Zeemanagement

HBO B Milieukunde

Unmentioned but possibly relevant Bachelor degrees

12. MFN - MSc Forest and Nature Conservation

Unconditional admission:

WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)

Possible admission (admission board Environment & Landscape):

WU BSc Biologie (Biology)

WU BSc Bodem, Water, Atmosfeer (Soil, Water, Atmosphere)

WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)

WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)

WU BSc Tourism

WU BSc Milieuwetenschappen (Environmental Sciences)

WO B Aarde en Economie

WO B Aardwetenschappen

WO B Beta-gamma

WO B Biologie

WO B Future Planet Studies

WO B Liberal Arts and Sciences

WO B Milieu-maatschappijwetenschappen

WO B Milieu-natuurwetenschappen

HBO B Bos- en Natuurbeheer

HBO B Diermanagement

HBO B Landscape & Environment Management

HBO B Milieukunde

HBO B Plattelandsvernieuwing

HBO B Toegepaste biologie

Unmentioned but possibly relevant Bachelor degrees

13. MFQ - MSc Food Quality Management

Unconditional admission:

WU BSc Bedrijfs- en Consumentenwetenschappen (Management and Consumer Studies)

WU BSc Levensmiddelentechnologie (Food Technology)

WU BSc Voeding en Gezondheid (Nutrition and Health)

Possible admission (admission board Technology and Nutrition):

WU BSc Dierwetenschappen (Animal Sciences)

WU BSc Plantenwetenschappen (Plant Sciences)

WO B Diergeneeskunde

WO B Food Science

WO B Food Technology
HBO B Food and Business
HBO B Food Design
HBO B Voedingsmiddelentechnologie
HBO B Voeding en diëtetiek
Unmentioned but possibly relevant Bachelor degrees

14. MFS - MSc Food Safety

Unconditional admission:
WU BSc Levensmiddelentechnologie (Food Technology)
WU BSc Voeding en Gezondheid (Nutrition and Health)
Possible admission (admission board Technology and Nutrition):
WU BSc Gezondheid & Maatschappij
WO B Farmacie
WO B Rechten
HBO B Food and Business
HBO B Laboratoriumtechniek (microbiologie)
HBO B Rechten
HBO B Voeding en Dietetiek
HBO B Voedingsmiddelentechnologie
Unmentioned but possibly relevant Bachelor degrees

15. MFT - MSc Food Technology

Unconditional admission:
WU BSc Biotechnologie (Biotechnology)
WU BSc Levensmiddelentechnologie (Food Technology)
Possible admission (admission board Technology and Nutrition):
WU BSc Moleculaire Levenswetenschappen (Molecular Life Sciences)
WU BSc Voeding en Gezondheid (Nutrition and Health)
HBO B Biotechnologie
HBO B Chemische Technologie
HBO B Voedingsmiddelentechnologie
Unmentioned but possibly relevant Bachelor degrees

16. MGI - MSc Geo-Information Science

Unconditional admission:
WU BSc Bodem, Water, Atmosfeer (Soil, Water, Atmosphere)
WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)
WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)
WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)
Possible admission (admission board Environment & Landscape):
WU BSc Biologie (Biology)
WU BSc Milieuwetenschappen (Environmental Sciences)
WO B Aarde en Economie
WO B Aardwetenschappen
WO B Beta-gamma
WO B Biologie
WO B Civiele Techniek
WO B Future Planet Studies
WO B Milieu-maatschappijwetenschappen
WO B Milieu-natuurwetenschappen
WO B Planologie
WO B Sociale Geografie en Planologie
WO B Sociale Geografie, Planologie en Milieu
WO B Technische Planologie
HBO B Aquatische Ecotechnologie
HBO B Bos- en Natuurbeheer
HBO B Civiele Techniek
HBO B Delta Management

HBO B Diermanagement
 HBO B Geo Media & Design
 HBO B Geodesie
 HBO B Kust- en Zeemanagement
 HBO B Landscape & Environment Management
 HBO B Land- en Watermanagement
 HBO B Milieukunde
 HBO B Plattelandsvernieuwing
 HBO B Ruimtelijke Ordening en Planologie
 HBO B Toegepaste Biologie
 HBO B Tuin- en landschapsinrichting
 Unmentioned but possibly relevant Bachelor degrees

17. MID - MSc International Development Studies

Unconditional admission:

WU BSc Economie en Beleid (Economics and Governance)
 WU BSc Gezondheid en Maatschappij (Health and Society)
 WU BSc Internationale Ontwikkelingsstudies (International Development Studies)
 WU BSc Communicatie en Life Sciences (Communication and Life Sciences)
 WU BSc Tourism

Possible admission (admission board Social Sciences):

WU BSc Bedrijfs- en Consumentenwetenschappen (Management and Consumer Studies)
 WO B Algemene Sociale Wetenschappen
 WO B Antropologie
 WO B Culturele Antropologie en Ontwikkelingssociologie
 WO B Culturele Antropologie en Ontwikkelingsstudies
 WO B Communicatiewetenschap
 WO B Economie
 WO B Economie en Bedrijfseconomie
 WO B European Studies
 WO B Internationale Betrekkingen en Internationale Organisatie
 WO B International Economics and Finance
 WO B Milieu-maatschappijwetenschappen
 WO B Politicologie
 WO B Sociale Geografie
 WO B Sociologie

Unmentioned but possibly relevant Bachelor degrees

18. MIL - MSc International Land and Water Management

Unconditional admission:

WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)

Possible admission (admission board Environment & Landscape):

WU BSc Bodem, Water, Atmosfeer (Soil, Water, Atmosphere)
 WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)
 WU BSc Internationale Ontwikkelingsstudies (International Development Studies)
 WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)
 WU BSc Milieuwetenschappen (Environmental Sciences)
 WU BSc Plantenwetenschappen (Plant Sciences)
 WO B Aardwetenschappen
 WO B Aarde en economie
 WO B Civiele Techniek
 WO B Future Planet Studies
 WO B Milieuwetenschappen
 HBO B Aquatische Ecotechnologie
 HBO B Land- en Watermanagement
 HBO B Milieukunde
 HBO B Tropisch Landgebruik

Unmentioned but possibly relevant Bachelor degrees

19. MLE - MSc Leisure, Tourism and Environment

Unconditional admission:

- WU BSc Bedrijfs- en Consumentenwetenschappen (Management and Consumer Studies)
- WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)
- WU BSc Internationale Ontwikkelingsstudies (International Development Studies)
- WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)
- WU BSc Tourism

Possible admission (admission board Environment & Landscape):

- WO B Sociale Geografie
- WO B Sociale Geografie en Planologie
- WO B Vrijetijdswetenschappen
- HBO B Culturele en Maatschappelijke Vorming
- HBO Functiegericht Toerisme en Recreatie
- HBO B Hoger Toeristisch en Recreatief Onderwijs
- HBO B Plattelandsvernieuwing
- HBO B Tuin- en Landschapsinrichting
- HBO B Vrijetijdsmanagement

Unmentioned but possibly relevant Bachelor degrees

20. MLP - MSc Landscape Architecture and Planning

Unconditional admission:

- WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)

Possible admission (admission board Environment & Landscape):

- WU BSc Bos- en Natuurbeheer (Forest and Nature Conservation)
- WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)
- WO B Bouwkunde
- WO B Sociale Geografie en Planologie
- WO B Technische Planologie
- HBO B Land- en Watermanagement
- HBO B Plattelandsvernieuwing
- HBO B Ruimtelijke Ordening en Planologie
- HBO B Tuin- en Landschapsinrichting

Unmentioned but possibly relevant Bachelor degrees

21. MMD - MSc Metropolitan Analysis, Design and Engineering

Possible admission (admission board Metropolitan Analysis, Design and Engineering):

- WU BSc Bodem, Water, Atmosfeer (Soil, Water, Atmosphere)
- WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)
- WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)
- WU BSc Levensmiddelentechnologie (Food Technology)
- WU BSc Milieuwetenschappen (Environmental Sciences)
- WU BSc Voeding en Gezondheid (Nutrition and Health)
- TUD BSc Bouwkunde
- TUD BSc Civiele Techniek
- TUD BSc Industrieel Ontwerpen
- TUD BSc Life Science and Technology
- TUD BSc Technische Bestuurskunde
- WO B Aarde en Economie
- WO B Bouwkunde
- WO B Civiele Techniek
- WO B Future Planet Studies
- WO B Geografie, Planologie en Milieu
- WO B Milieu-natuurwetenschappen
- WO B Sociale Geografie en Planologie
- WO B Technische Planologie
- WO B Technology and Liberal Arts & Sciences
- HBO B Built Environment
- HBO B Civiele Techniek
- HBO B Landscape and Environment Management

- HBO B Logistiek en economie
- HBO B Milieukunde
- HBO B Ruimtelijke Ordening en Planologie

22. MME - MSc Management, Economics and Consumer Studies

Unconditional admission:

- WU BSc Bedrijfs- en Consumentenwetenschappen (Management and Consumer Studies)
- WU BSc Economie en Beleid Economics and Governance)
- WU BSc Gezondheid en Maatschappij (Health and Society)

Possible admission (admission board Social Sciences):

- WU BSc Internationale Ontwikkelingsstudies (International Development Studies)
- WU BSc Communicatie en Life Sciences (Communication and Life Sciences)
- WU BSc Tourism
- WO B Economie
- WO B Bedrijfswetenschappen
- WO B Algemene Sociale Wetenschappen
- WO B Antropologie
- WO B Communicatiewetenschap
- WO B Economie en Bedrijfseconomie
- WO B European Studies
- WO B Internationale Betrekkingen en Internationale Organisaties
- WO B International Economics and Finance
- WO B Milieu-maatschappijwetenschappen
- WO B Politicologie
- WO B Sociale Geografie
- WO B Sociologie

Unmentioned but possibly relevant Bachelor degrees

23. MML - MSc Molecular Life Sciences

Unconditional admission:

- WU BSc Biotechnologie (Biotechnology)
- WU BSc Moleculaire Levenswetenschappen (Molecular Life Sciences)
- WO B Scheikunde
- WO B Scheikundige technologie

Possible admission (admission board Technology and Nutrition):

- WU BSc Biologie (Biology)
- WU BSc Levensmiddelentechnologie (Food Technology)
- WO B Biomedische Wetenschappen
- WO B Farmacie
- WO B Life Science and Technology
- WO B Moleculaire Levenswetenschappen
- HBO B Biotechnologie
- HBO B Chemie
- HBO B Chemische Technologie

Unmentioned but possibly relevant Bachelor degrees

24. MNH - MSc Nutrition and Health

Unconditional admission:

- WU BSc Voeding en Gezondheid (Nutrition and Health)

Possible admission (admission board Technology and Nutrition):

- WO B Biomedische Wetenschappen
- WO B Gezondheidswetenschappen
- HBO B Voeding en Diëtetiek

Unmentioned but possibly relevant Bachelor degrees

25. MOA - MSc Organic Agriculture

Unconditional admission:

- WU BSc Dierwetenschappen (Animal Sciences)
- WU BSc Plantenwetenschappen (Plant Sciences)

Possible admission (admission board Life Sciences):

- WU BSc Biologie (Biology)
- WU BSc Bos- en natuurbeheer (Forest and Nature Conservation)
- WU BSc Internationaal Land- en Waterbeheer (International Land and Water Management)
- WU BSc Internationale Ontwikkelingsstudies (International Development Studies)
- WO B Biologie
- WO B Future Planet Studies
- WO B Milieu-maatschappijwetenschappen
- WO B Milieu-natuurwetenschappen
- HBO B Dier- en Veehouderij
- HBO B Tropische Landbouw
- HBO B Tuinbouw en Akkerbouw

Unmentioned but possibly relevant Bachelor degrees

26. MPB - MSc Plant Biotechnology

Unconditional admission:

- WU BSc Biologie (Biology)
- WU BSc Biotechnologie (Biotechnology)
- WU BSc Plantenwetenschappen (Plant Sciences)

Possible admission (admission board Life Sciences):

- WU BSc Moleculaire Levenswetenschappen (Molecular Life Sciences)
- WO B Biologie
- WO B Biotechnologie
- WO B Life Science and Technology
- WO B Moleculaire (Levens-)wetenschappen
- HBO B Applied Science
- HBO B Biologie en Medisch Laboratorium-onderzoek
- HBO B Biotechnologie
- HBO B Laboratoriumtechniek

Unmentioned but possibly relevant Bachelor degrees

27. MPS - MSc Plant Sciences

Unconditional admission:

- WU BSc Biologie (Biology)
- WU BSc Plantenwetenschappen (Plant Sciences)

Possible admission (admission board Life Sciences):

- WU BSc International Land- en Waterbeheer (International Land and Water Management)
- WO B Biologie
- WO B Biotechnologie
- WO B Life Science and Technology
- HBO B Applied Science
- HBO B Biologie en Medisch Laboratoriumonderzoek
- HBO B Biotechnologie
- HBO B Laboratoriumtechniek
- HBO B Toegepaste Biologie
- HBO B Tropische Landbouw
- HBO B Tuinbouw en Akkerbouw

Unmentioned but possibly relevant Bachelor degrees

28. MUE - MSc Urban Environmental Management

Unconditional admission:

- WU BSc Milieuwetenschappen (Environmental Sciences)

Possible admission (admission board Environment & Landscape):

- WU BSc Economie en Beleid (Economics and Governance)
- WU BSc International Land- en Waterbeheer (International Land and Water Management)
- WU BSc Landschapsarchitectuur en ruimtelijke planning (Landscape, Architecture and Planning)
- WO B Geografie, Planologie en Milieu
- WO B Milieu-maatschappijwetenschappen
- WO B Milieu-natuurwetenschappen

WO B Sociale Geografie en Planologie
HBO B Built Environment
HBO B Civiele Techniek
HBO B Landscape and Environment Management
HBO B Milieukunde
HBO B Ruimtelijke Ordening en Planologie
Unmentioned but possibly relevant Bachelor degrees

29. MWT Water Technology

Unconditional admission:

WU BSc Biotechnologie (Biotechnology)
