

Configure iCloud on the iPad

- Go to the home screen on the iPad
- Tap on *Settings*

- Tap on *iCloud* in the column on the left
- Specify your **Apple ID** and **Password** and Tap on *Sign In*

- Read the *iCloud Terms* and Tap on *Agree*
- Confirm that you agree to the terms of service by tapping again on *Agree*
- Confirm that iCloud may use the location of your iPad. Tap on *OK*

- Configure what may be synchronized with the iCloud.

If you make use of the Mail, Contacts, Calendars or Reminders of your WUR account then set these options to Off. You may get one or more questions if you want to remove the previously synced iCloud information from your iPad.

- Tap on *Keep on My iPad*.

When you use your WUR mail, Contacts, Calendars or Reminders on your iPad and you want to synchronize these with iCloud you may (depending on your mail configuration) get one or more warnings like the one below.

- Tap on *Don't Merge* if you do not want that the information will be uploaded to the iCloud.

- Check if the option *Find My iPad* is turned on and press the Home button to return to the home screen of the iPad.
