

EuroDISH

Roadmap towards the Food and Health Research Infrastructure 2020

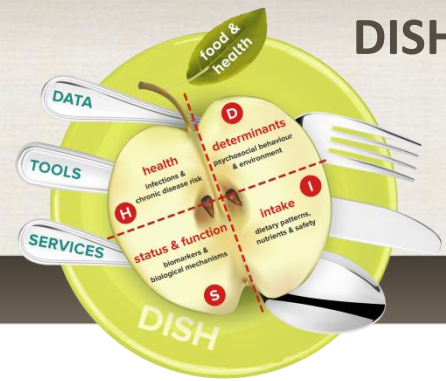

Karin Zimmermann

May 15th 2015 • Expo Milano

EuroDISH

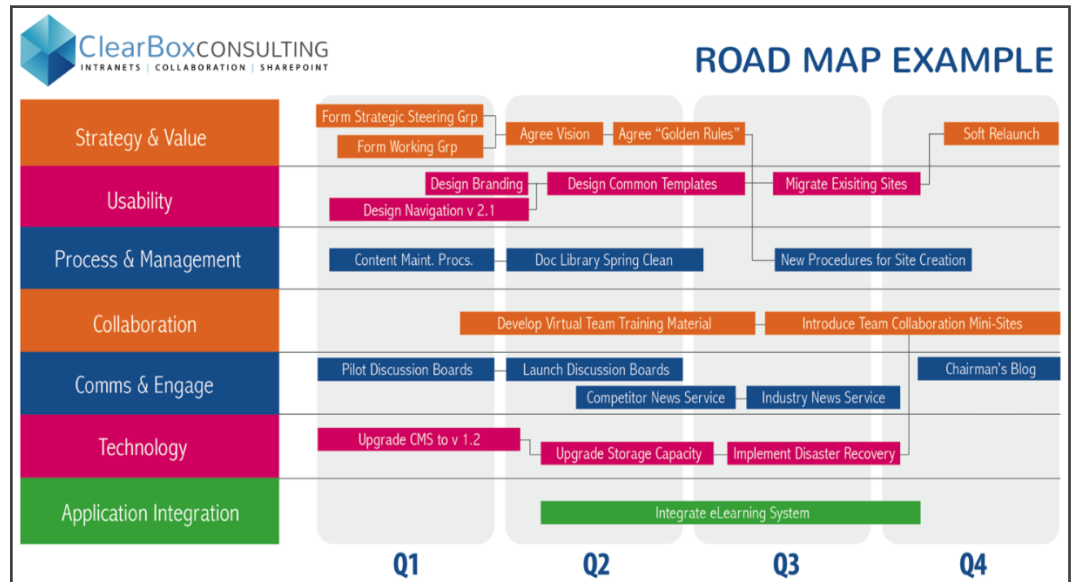

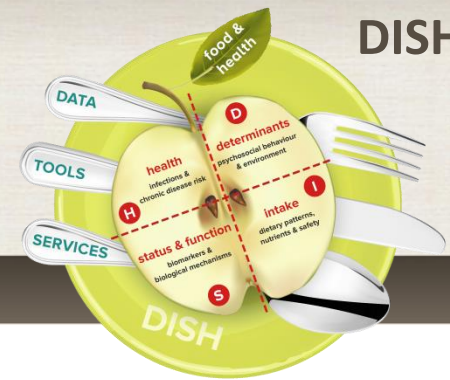

DISH-RI

Roadmap

How does a Roadmap look like?

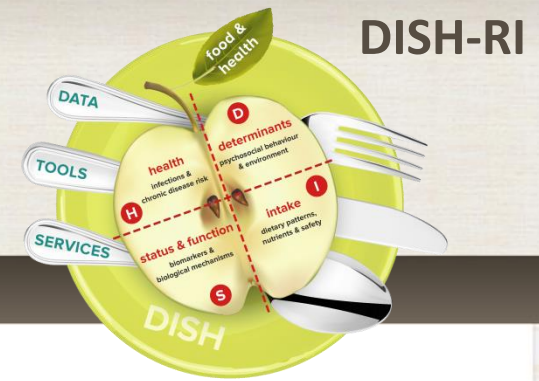

EuroDISH

EuroDISH

Towards the roadmap

➤ *Where do we want to go?*

A fully operational DISH-RI in 2025!

➤ *Where are we now?*

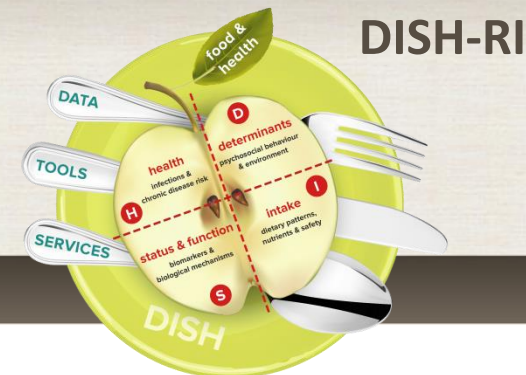

A **conceptual design** of DISH-RI developed by the project EuroDISH in 2015! (see next slides)

➤ *So how do we get there?*

Determine the main **steps** to establish the European DISH-RI.

EuroDISH

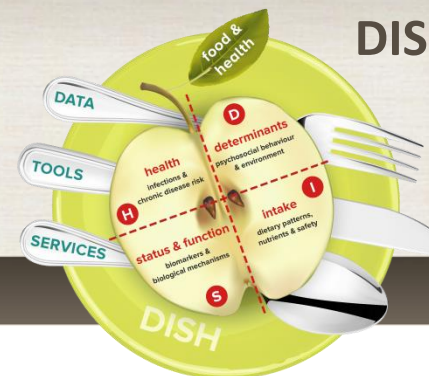

Organisation and timeline

EuroDISH

Phases & “Levels” of actions

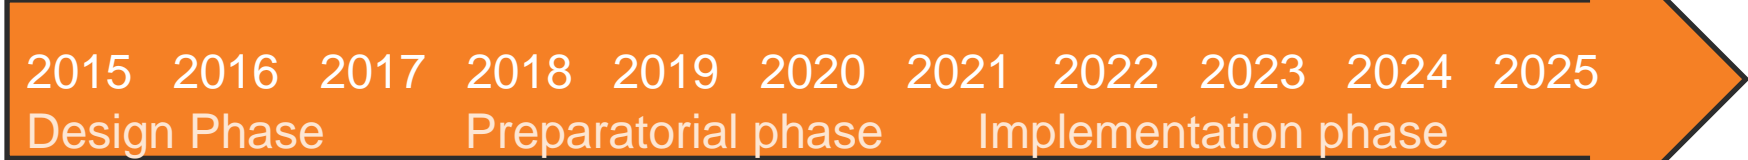

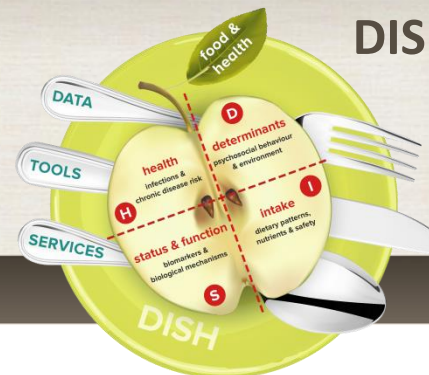

1. Design phase: 3 years (Sept 2015 – Sept 2018).
2. Preparatory phase: 3 years (Sept 2018 – Sept 2021).
3. Implementation phase: 3 years (Sept 2021 – Sept 2024).
4. Operational phase: start-up 1 year (Sept 2024 – Sept 2025) & fully operational (Sept 2025 →)

1. Funding
2. Governance (incl. management, legal structure)
3. Technical issues
4. Access to the RI / data
5. Membership

Timeline & funding

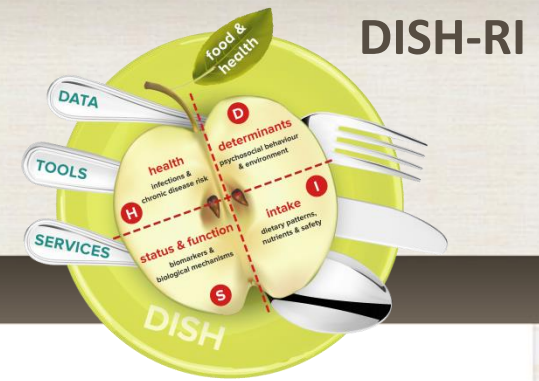

DISH-RI

Research projects: member state and EU level (H2020, JPI, etc.)

2025 – Fully operational RI

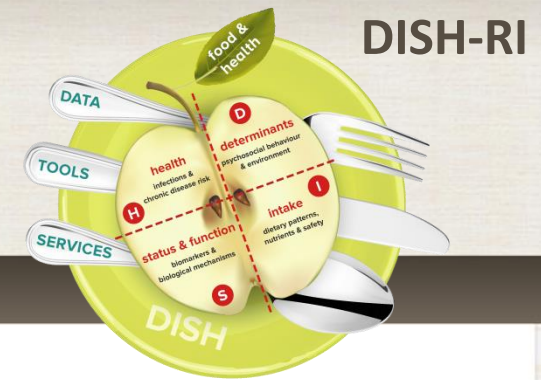

← RI building, member state level and EU level funding →

Modular approach hub & spokes

Modular approach hub and spokes

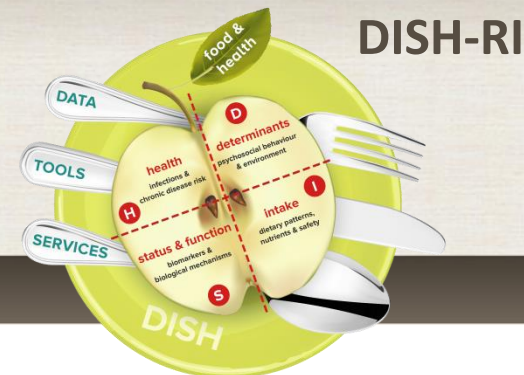

EuroDISH

- National level
 - Public – private partnership: topic level
 - Knowledge synchronisation – public health institutes
- DISH-RI is the long term perspective; the context in which we will build-up the modules.

EuroDISH

Short term actions

	European level	Member state level
RI building	ESFRI roadmap <ul style="list-style-type: none"> DISH-RI 	National roadmap <ul style="list-style-type: none"> To be discussed with Ministry of Science in NL, DK, IT and UK
Research projects	Horizon 2020 <ul style="list-style-type: none"> RICHFIELDS JPI HDHL Joint Actions <ul style="list-style-type: none"> DEDIPAC ENPADASI BioNH 	<ul style="list-style-type: none"> DISH-NL: to develop a national hub by boosting collaboration

“Hub, spokes and nodes”-model
