Managing Director: Eric LATGÉ

COURSE OFFER

IN FRENCH:

- **"Ingénieur"**: a 5-year curriculum in Agri-related topics (Agriculture, Life Sciences, Food Science, Marketing and Management). The first 3 years correspond to Bachelor (BSc) level courses, and the last 2 years to Master (MSc) level courses. Incoming students can take courses from Year 3 and 4 (exceptionally from years 2 and 5), according to their language skills and academic background. We recommend taking all courses in the same year to avoid timetable conflicts.

IN ENGLISH:

- **IBC (International Bachelor Certificate)**: a 2-semester program for Bachelor or Master students. Incoming students can come in Semester 1 (focused on Animal Production and Winemaking) or Semester 2 (focused on French Food and Wine), or for the Full Year. No prerequisites.
- **Global Semester** : a 1-semester program in Spring only, for Bachelor or Master students. Involving foreign lecturers, it covers Global Issues (Climate, Food, Biodiversity and Environment, Gender issues in Agriculture) and Global Business (Commodities, Geopolitics and French Food Trade, Working Across Culture, Better Business) so that students can identify and understand the actors and perspectives of current global markets.

ACADEMIC CALENDAR

FALL SEMESTER:

Programs	Welcome & Orientation	Beginning of semester	End of Semester	Resit exams
