

# Before you go to the campus

Use this checklist to take your own responsibility to avoid a lockdown on Wageningen campus.

# Student version

Were you in close contact<sup>1</sup> with a COVID-19 patient in the past 14 days?

Check it every time you want to come to campus.

NO

NO

NO

Do you have symptoms<sup>2</sup> vourself?

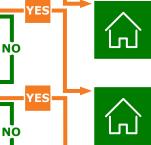

Do you have a housemate with serious symptoms<sup>2</sup>, symptoms, or been in close contact<sup>1</sup> with such a person, but non yourself?

Are you part of a risk group<sup>3</sup> and do you not want to come to campus?

Do you have a housemate with mild symptoms<sup>2</sup>, but no symptoms yourself?

# Stay at home for 10 days\*

If you also have symptoms<sup>2</sup> yourself, see also "Do you have symptoms yourself?".

#### Stay at home\*

For mild symptoms<sup>2</sup>: Get tested for free and voluntarily. Call: 0800-1202 or +31-850659063

or make an appointment online using your DigiD on coronatest.nl (choose 'English' at the bottom of the page). In case of serious symptoms<sup>2</sup>: Call your doctor or the out-of-hours GP

service ('huisartsenpost') immediately. Does the test indicate you have COVID-19?

#### Stay at home\*

Does the test indicate that your housemate has COVID-19?

## Stay at home\*

Are you unable to reach an agreement with the teacher or do you need more help? Please contact a student dean.

Inform your teacher if you are missing an obligatory part and discuss alternatives.

NO

NO

Inform your group members that you will only participate online.

Stay at home and follow the advice of the GGD.

### More information

For more information and the current rules, visit **RIVM.nl** and **rijksoverheid.nl**.

There may be more situations where you have to stay at home, for example if you have recently been abroad. Look for this on rijksoverheid.nl.

<sup>1</sup> Close contact means being 15 minutes (or e.g. 5 times 3 minutes) within 1.5 meters.

<sup>2</sup> Mild symptoms: a stuffy or runny nose, sneezing, a sore throat, a mild cough, a sudden loss of smell or taste. Serious symptoms: In addition to mild symptoms, you also suffer from shortness of breath and / or fever (38.0°C or higher).

<sup>3</sup> *Risk groups*, see **RIVM.nl** for the risk groups. WUR also counts informal caregivers for the mentioned risk groups among the risk groups.

#### You are welcome at Wageningen Campus!

We look forward to seeing you during your classes on-campus. Remember to stick to the rules. Do you see someone on campus with symptoms or who does not follow the rules? Then address him or her kindly.
